SCBA Principles

1. Separate Boys and Girls divisions. No coed divisions. Man to man defense is emphasized.
2. Outstanding officials will be explaining their calls to the players for their benefit.
3. We perform background checks on all coaches, and officials...
4. Team balancing is addressed.
5. Player substitution rights. All teams will be adhering to a pre-arranged substitution rotation for the first three-quarters of all games including playoffs and championship games. Every player will play in each of first three-quarters. The fourth quarter substitution patterns are the coach's choice.

Frequently Asked Questions.

Can my son/daughter pick her teammates? Unfortunately, no. "Competitively balanced teams" is one of our highest priorities. Good athletes have a tendency to be best friends, and we cannot allow clusters of advanced players on one or two teams.

Can I register a team? No .

Can siblings play on the same team? If they are near the same ability level and compatible, siblings may be placed on the same team with parental approval.

When do we practice? Every team meets one hour prior to their scheduled game on Saturdays and will participate in a team practice.

What is "Re-Evaluation?" "Re-Evaluation" of all teams will be made after the first two league games. If the talent level of the league is not fairly balanced, players WILL BE shifted. Hopefully, we can accomplish this with the least amount of stress. All players who register will agree to "Re-Evaluation".

When do we pick up our jersey? New Players will pick their jersey during the clinic.

How are the different age-group divisions organized? Players will initially be placed at these levels but may be moved up or down, if appropriate:
Divisions: D: Grades 1 & 2; C: Grades: 3 & 4; B: Grades: 5 & 6 A- Grades 7 & 8;
High School- Ages 14 & above (Not offered during the Winter session).
